IDEA: Quranic Mastery Companion

Description:

Quranic Mastery Companion is an innovative app designed to assist hafiz (memorizers) of the Quran in perfecting their recitation and memorization. It also for common users.With DailyEase, hafiz can select specific juzz or surah to recite, while the app's AI voice recognition feature detects mistakes in real-time, providing instant feedback for improvement. At the end of each session, users receive a comprehensive report detailing their performance, including the number of mistakes made. Additionally, the app offers AI-driven Tajweed correction, analyzing pronunciation and providing personalized feedback on how to enhance recitation skills. QuranRecitePro is not just an app; it's a dedicated companion on the journey to Quranic proficiency.
